Please help us make the math courses at NEIU even better. If you were enrolled in a Mathematics 100-level and above course during the Fall 2009 semester you recently received an email from Dr. Phillip Gwanyama of the math department requesting your help in assessing the content of math courses. It would be greatly appreciated if you would kindly assist us by completing the online survey. Your answers will be received anonymously. Thank you!

1. Once you locate the email from Dr. Gwanyama, p-gwanyama@neiu.edu, copy and paste the survey web link, sent to you about your class, into your web browser.
2. This link will take you to the survey.
3. The rate your attainment of outcomes/goals in your course and submit.

Math Club Presentation: Ropes in R^3 and ribbons in R^2

Presenter: Dr. Nancy Wrinkle, Northeastern Illinois University, Department of Mathematics

When: Friday December 4th 2:30-3:30pm

Where: Science Building room [242](#)

[Posted 12/01/09](#)

Brian Mariano will present his MS project. "The History of Mathematics and Numbers" December 5th from 5-6pm in room B 105.

[Posted 11/16/09](#)

Special Math Club Presentation: Actuarial Careers: What Allstate has to Offer.

Presenters: Ivan Fernandez and Justin Panther, Allstate Actuarial

When: Friday November 20th, 2:30-3:30pm, Room SCI 242.

[Posted 11/11/09](#)

Math Club Lecture: The Three Body Protein

Speaker: Dr. Marian Gidea, Professor of Mathematics Northeastern Illinois University

When: Friday November 13th 2:30-3:30pm, Room SCI 242

[Posted 11/2/09](#)

The comprehensive examination for MS Applied Mathematics and Secondary Education will take place on Friday November 20th, 2009. 5:00-8:00pm in room SCI 111.

Students in the MS Applied Mathematics should contact Dr. Marian Gidea, M-gidea@neiu.edu, and specify if they will take comprehensive exam 1 or 2: if taking comprehensive exam 2, please let Prof. Gidea know which elective topics you will choose.

Other should contact Dr. Tanya Cofer T-Cofer@neiu.edu to register.

The **MA Comprehensive Final Examination in mathematics**, for Elementary School teachers is scheduled for Friday January 15, 2010 at 4:00pm in Room S222. After the January session exam, the next time the exam will be offered is June, 2010.

Review sessions:

Tuesday December 15, 2009 4-7pm in room S218B

Mathematical Structures

Mathematical Functions

Wednesday, December 16, 2009 4-7pm in room S218B
Probability & Statistics
Comoputers in Mathematics Education

[Posted 09/30/09](#)

Dr. Marian Gidea is an invited speaker to America's Conference on Differential Equations October 14-23, 2009 in Mexico City

[Posted 09/29/09](#)

Math Club lecture: A matrix presentation for and computational approach to topological classification problem.
Lecturer: Tanya Cofer and Donald Barkley, Department of Mathematics, Northeastern Illinois University
Time and place: Friday, 10/09/2009, 2:30-3:30pm, SCI 242
Schedule is on the math club website: www.neiu.edu/~mathclub

[Posted 08/26/09](#)

Dr. Lidia Filus will be acting advisor for all math undergraduate majors during the 2009-2010 academic year.
Please email or call if you need to contact her. l-filus@neiu.edu or 773-442-5784 Dr. Nancy Wrinkle will return as advisor in Fall 2010.

[Posted 05/13/09](#)

The department office will be open in the afternoon only on May 18th and 19th from 1:30-5:00pm

[Posted 04/14/09](#)

Math Club Lecture: How to model credit risk if you must? Or having fun with modeling of CDO contracts, which may or may not be toxic.
Friday April 17th, 2:30-3:30pm
Location: SCI 242
Guest Lecturer: Tomasz Bielecki, Department of Applied Mathematics, Illinois Institute of Technology
More information is available at the Math Club website
www.neiu.edu/~mathclub

[Posted 04/06/09](#)

Math Club Lecture: Integrals, Measures and Matrices
Friday April 10th, 2:30-3:30pm
Location: SCI 211
Lecturer: J. Hardy, Dept of Mathematics at NEIU
More Information is available at the Math Club website
www.neiu.edu/~mathclub

[Posted 04/01/09](#)

Invitation to Colloquium: Description of resonances by way of Gamow states
Friday April 3rd, 2:30-3:30pm
Location: SCI 242
Lecturer: Dr. Fafael de la Madrid of Ohio State University, Newark

[Posted 04/01/09](#)

Math Club Lecture: Exact Likelihood Ratio Testing for Small Samples, Censored and Missing Data
Thursday April 2nd 1:40-2:40pm
Location: SCI 201
More information is available at the math club website:
www.neiu.edu/~mathclub

[Posted 04/01/09](#)

The MA Comprehensive Final Examination in Mathematics for Elementary School Teachers is scheduled for Friday June 19, 2009 at 4:00pm in Room S-222. Candidates may apply for the exam by completing an application

form with the MA advisor. At that time you may also pick up a copy of a preparation guide to the Exam. After June 19th, the next time the exam will be offered is January, 2010.

Problem Solving Sessions for MA Comprehensive will be offered:

Thursday, May 7, 2009 4-7pm Location: TBA

-Mathematical Functions
-Mathematics Structures

Friday, May 8, 2009 4-7pm, Location: TBA

-Probability and Statistics and Computers in Education

[Posted 03/19/09](#)

Attention Graduate Math Students. Math 457, *Recent Trends in Math*, is a section for elementary school teachers. It is for the MA program and **CANNOT be applied towards the MS degree**. Please click [here](#) for more information including alternative courses.

[Posted 03/18/09](#)

Zeng Zhonggang, Professor of Mathematics at NEIU will present on communications and research at Northern Illinois University on March 27, 2009.

[Posted 03/18/09](#)

Math Club Lecture: Cyclical Differentiable Groups

Friday, March 20th, 2:30-3:30pm

Location: SCI 242

More information is available at the math club website:

www.neiu.edu/~mathclub

[Posted 03/10/09](#)

Math Club Lecture: Applied, Combinatorial, and Computational Contact Topology

Friday, March 13th 2:30-3:30pm SCI 242

Lecturer: Tanya Cofer, Assistant Professor

More information is available at the math club website: www.neiu.edu/~mathclub

[Posted 03/02/09](#)

Marina Polyashuk, Associate Professor of Mathematics at Northeastern has joined the Editorial Board of the new International of Multicriteria Decision Making. A flyer with more information about the new journal is available by [clicking here](#).

[Posted 03/02/09](#)

Math Club Lecture: From integration by parts to quantum field theory and beyond

Friday, March 6th

Lecturer: Li Guo, Dept. of Mathematics, Rutgers University at Newark

Click [here for a flyer](#) with an abstract.

[Posted 02/25/09](#)

M.S. Secondary Education and M.S. Applied Math

Comprehensive Exams are scheduled for

April 17, 2009

5:00-8:00pm in SCI 111
Study Guides are available outside of SCI 214A

[Posted 02/24/09](#)

Math Club Lecture: An introduction to knots, links, and braids.
Friday, February 27th
2:30-3:30pm, SCI 242
Lecturer: Nancy Wrinkle, Professor of Mathematics, NEIU
Math Club website: www.neiu.edu/~mathclub

[Posted 02/16/09](#)

Math Club Lecture: How to solve highly sensitive problems: A geometric perspective
Friday, February 20th
2:30-3:30pm, SCI 242
Lecturer: Zhonggang Zeng, Professor of Mathematics, NEIU
Click [here](#) for flyer with lecture abstract

[Posted 02/11/09](#)

Prerequisite Verification forms for Summer 2009 registration now being accepted by the Math Department office for processing. Click [here](#) for a form.

[Posted 02/09/09](#)

Math Club Lecture: How to change the inclination of a libration-point satellite
Friday, February 13
2:30-3:30pm SCI 242
Click here for flyer with abstract

Math Club website: www.neiu.edu/~mathclub
