

SECONDARY EDUCATION PROGRAM OVERVIEW

The Secondary Education program leads to entitlement in nine secondary certification programs, in the following subject areas:

ART K-12	BIOLOGY
MUSIC K-12	ENGLISH
PHYSICAL EDUCATION K-12	HISTORY
SPANISH K-12	MATH
FRENCH K-12	

Upon completion of all requirements, SCED students are expected to demonstrate a depth of knowledge in their chosen academic discipline. The SCED student will possess knowledge of principles of human growth and development and of learning. As well, the SCED student will acquire knowledge of students with varying racial, cultural and socioeconomic backgrounds, and will recognize the wide range of abilities and special needs of students. Finally, the SCED student will develop effective learning experiences for students during the methods and clinical components in the professional course sequence.
