REGISTRATION FOR BIOLOGY COURSES

Online registration for all undergraduate Biology courses is no longer restricted to students who have officially declared biology as a major. PREREQUISITES WILL BE ENFORCED

The minimum prerequisite for all Department of Biology 300-level courses is BIO 201 and BIO 202 or equivalent. Some courses may have additional prerequisites. In order to register for BIO 150/201 (or any biology major or minor course) a student must have demonstrated proficiency in reading, writing, and math. A score of 6 on the Reading Placement Test, a score of 7 on the Writing Placement Test (or ELP-ESL-120 or ELP DEV-099) and a score of 30 on the Math Placement Test (or MATH-DEV-092) will satisfy this requirement. Students should note that BIO 150 is a co-requisite of BIO 201 and is required for ALL majors/minors beginning their biology coursework as of Fall 2007.

Students may register online for biology classes for which prerequisites have been met (completed with a grade of "C" or better). Class lists will be monitored and prerequisites checked during and after registration periods. Students who are registered for courses for which prerequisites have not been met with a grade of "C" or better will not be able to attend the course and are responsible for any financial consequences resulting from the necessity to withdraw. It is the student's responsibility to be aware of and comply with all Biology course prerequisites.

Students are advised to check the Biology Department bulletin board and display cases located outside of the Department office (S-358G) for information and/or changes in course scheduling.
