College of Education Presentation – SU 214

As one of the oldest and largest education colleges in the greater Chicago metropolitan area, Northeastern's College of Education offers a comprehensive range of programs and areas of concentration at both the undergraduate and graduate levels. The faculty and staff in our college are **dedicated to excellence and innovation in education**, and seek to gear their teaching, research, and service efforts to the needs and aspirations of a diverse student body community.

Proyecto Pa'Lante & Project Success – SU 215

Proyecto Pa'Lante is an educational support program designed to recruit and serve primarily Latino students who demonstrate academic potential but might not meet the requirements for general admission. After admission, the program provides support services for its students in the areas of counseling, academic advisement, tutoring, career development and cultural reinforcement. These services are designed to support their persistence in completing a Bachelor's degree.

Project Success is committed to providing access and educational assistance to primarily African-American and other underrepresented students who demonstrate potential for academic success. Project Success delivers a full range of student support services including recruitment, admission, advisement, learning/study skills, and career development. This comprehensive support program serves to promote achievement toward personal excellence.

4:00 – 5:00 p.m. Session II Continued

NEIU – El Centro Campus Presentation – SU 216

Northeastern Illinois University-El Centro Campus provides educational, career, and cultural opportunities primarily, though not exclusively, to the Latino community. NEIU-El Centro is located in the northwest side of Chicago, just four miles south of the Bryn Mawr campus. NEIU-El Centro makes available the general education program of the University to students who are interested in taking classes primarily during the evening hours and/or on the weekends

Honors & McNair Scholars Program Presentation – SU 217

The University Honors Program, which is open to undergraduate students in all disciplines, provides an expanded education experience to students willing to challenge their academic and intellectual abilities. The goal of the McNair Program is to increase the attainment of the Ph.D. by students from underrepresented segments of society. Program participants are from disadvantaged backgrounds and have demonstrated strong academic potential
