Re: Parking Rates for Fiscal Year 2008

The new parking rates for Fiscal Year 2008 are summarized below. In addition to Levels 1 and 2, there are a limited number of individual reserved spaces, or Premium Parking, available to faculty and staff. The Premium Parking rates will not increase for this Fiscal Year. Handicap parking is available on each level and motorcycle parking is available on the second floor and up.

The improvements to the Parking website have been well received by the university community. Over 80% of Parking users have registered their vehicles and requested a parking permit online. The new online appeals process is convenient and is rapidly increasing in popularity and usage. Parking information and online services are available 24 hours a day at www.neiu.edu/parking.
