The Right Choice For Your Future.

UWW-

If You Are Motivated And have Clear Academic Direction, The University Without Walls Program Is An Investment For Your Future.

The Nontraditional Degree Programs (NDP) is comprised of the Board of Governors Bachelor of Arts Degree Program and the University Without Walls Program. These programs, offered at Northeastern, were designed to offer options and flexibility to mature returning adult students. In addition to job responsibilities, returning adults often have families (many are single parents) and many are involved with their communities. The flexibility of our programs enables students to strike a balance in their responsibilities and succeed in their educational goals.

The Board of Governors bachelor of Arts Degree Program (BOG/BA) is a credit-based degree program designed to meet the undergraduate educational needs of experienced adults in a manner compatible with career and family responsibilities. We serve approximately 2000 returning adult students who are enrolled in the Board of Governors Bachelor of Arts Degree Program.

The University Without Walls (UWW) Program is an accredited, competency-based, self-paced, alternative degree program that leads to a Bachelor of Arts or a Bachelor of Science degree. It was created to assist adult learners in designing and completing an approved individualized curriculum. There are about 70 students enrolled in the University Without Walls Program.
