PROCEDURES

When considering naming proposals, particularly for programs, faculty advice will be sought at the appropriate levels. This advice shall be noted and submitted along with the proposal to the President. The proposed name for a facility should be consistent with the existing pattern of names and function of the facility under construction.

1. A proposal including the name of the nominee and evidence/sources of philanthropic support is submitted to the Vice President for Institutional Advancement (VPIA).
2. The VPIA will review the proposal and forward a description of the proposal to the President, including the nominator, nominee, and source(s) and amount of funding, normally within 30 days of receipt.
3. The VPIA will use best practices to assure confidentiality as appropriate, the honorable nature of the proposal, and its impact on the University community.
4. The President will submit a recommendation to the Board of Trustees.

GUIDELINES

The VPIA will also coordinate with the Vice President of Finance and Administration (particularly if a Facility is involved) and/or the Vice President of Academic Affairs (primarily if a Program is involved) as appropriate. It is understood that all costs associated with the naming, including signage, will be considered in the calculation of the funds needed to construct, renovate, remodel or build an addition to a facility; or to establish, advance or maintain a program.
