Mathematics Major Policies

- Students must earn a grade of “C” or higher in all courses counted toward the major. No “P” grades will count toward a major. Mathematics courses with "D" grades may be used as university electives.
- Transfer courses must be approved by the department before being applied to the major or minors during the first term of enrollment.
- Transfer Students must complete half of the courses applied to the major at Northeastern.

General Education Requirements

Three options are available to students who plan to complete their General Education requirements at CLC.

- **Associate of Arts or Associate of Science**: Students who transfer with an approved Illinois Community College Board (ICCB) Model Associate of Arts or Sciences degree will have met Northeastern Illinois University’s General Education Requirements. For information regarding completing an Associate of Arts or Sciences at CLC, including assistance with course selection, please visit the Counseling, Admissions, and Transfer Center at CLC. More information is available at their website (www.clcillinois.edu/depts/cou/) or by calling (847) 543-2060.

- **Completion of the Illinois Articulation Initiative (IAI)**: Students who transfer after completing the Illinois Articulation Initiative (IAI) will have met their General Education requirements. For information regarding the Illinois Articulation Initiative, including courses at CLC that fulfill General Education requirements, please visit the iTransfer web site at www.itransfer.org.

- **Transfer Course Lists for CLC**: Students may choose to meet their General Education requirements by selecting courses from Northeastern’s Transfer Course Equivalency Guides, available at: www.neiu.edu/Transfer. When choosing this option, please use the following Northeastern General Education guide:
