Kindle Fire

This documentation contains step by step directions to securely connect to the NEIU wifi network. This example includes images from a Kindle Fire HD 7. The appearance may be different on other versions, but the steps will be the same.

1. Click and drag down the Status Bar and select “Wireless”.

![Kindle Fire WiFi settings screenshot](image-url)
2. Select the connection “NEIU”.

![Screen showing wireless connections]

- Unsecured NEIU Open Access (Connected)
- NEIU
- NEIU WiFi provisioning
- WYSE
3. a. Once at the network configuration screen, for EAP Method select “TTLS”.
   b. For Phase 2 authentication select “PAP”
   c. Scroll down to the Identity dialogue box enter in your NIEU login ID.(Without the @neiu.edu)
   d. Enter your NEIU login password and hit connect.
