<http://www.bartleby.com/107/>

Rehabilitation Institute of Chicago  
<http://www.rehabchicago.org>

### **Consumerism & Disability Rights**

Bazelon Center for Mental Health Law  
Advocacy for persons with MI or MR  
<http://www.bazelon.org>

Disability Rights Law, Guide to  
<http://www.equalemployment.org/aguideto.htm>

National Association of Protection & Advocacy Systems, Inc.  
<http://www.protectionandadvocacy.com>

National Organization on Disability  
<http://www.nod.org> The National Organization on Disability promotes the full and equal participation of America's 54 million men, women and children with disabilities in all aspects of life. N.O.D. was founded in 1982 at the conclusion of the United Nations International Year of Disabled Persons. Funded entirely by private sector contributions, N.O.D. is the only national disability network organization concerned with all disabilities, all age groups and all disability issues.

Disability Rights Education & Defense Fund  
<http://www.dredf.org> Founded in 1979 by people with disabilities and parents of children with disabilities, the Disability Rights Education and Defense Fund, Inc. (DREDF) is a national law and policy center dedicated to protecting and advancing the civil rights of people with disabilities through legislation, litigation, advocacy, technical assistance, and education and training of attorneys, advocates, persons with disabilities, and parents of children with disabilities.

People to People Committee on Disability  
<http://www.ppcd.org> The PPCD issues a periodic newsletter, NEWS and VIEWS; conducts an Annual Meeting of members, a celebration of accomplishments and a renewal of convictions; presents awards at its events honoring individuals and institutions for their heroic deeds; and operates to support the activities of the National Organization on Disabilities, the US Council for International Rehabilitation

and, at the global level, Rehabilitation International. It has long maintained close working relationships with the President's Committee on Employment of Persons with Disabilities.

Employment of persons with disabilities is today and has always been a high priority focus of the PPCD, which is seeking US ratification of ILO (International Labor Organization) Convention Number 159 on Employment of Persons with Disabilities. Also high on its agenda are the elimination of land mines and the imposition of rigid legal control of fireworks that these instruments may no longer lead to their inevitable horrible consequences for individuals, families, communities and nations.

#### Rehabilitation International (RI)

<http://www.rehab-international.org> Rehabilitation International is a federation of national and international organizations and agencies working for the prevention of disability, the rehabilitation of people with disabilities and the equalization of opportunities within society on behalf of persons with disabilities and their families throughout the world.

#### Institute on Independent Living (European Union - EU)

[www.independentliving.org](http://www.independentliving.org) Good resources on personal care assistants, library, discussions forums, provides free online newsletter.

#### Housing Issues for PWD

<http://www.hud.gov/group/disabilities.cfm> The Federal Department of Housing and Urban Development (HUD) created this page for People with Disabilities. It contains information, from all parts of HUD's web site, that will interest you - it gives you one-stop shopping!

#### Dual Diagnosis

<http://users.erols.com/ksciacca/> The Dual Diagnosis Website. Dual Diagnosis refers to co-occurring Mental Illness, Drug Addiction and/or Alcoholism in various combinations. This site is designed to provide information and resources for service providers, consumers, and family members who are seeking assistance and/or education in this field. The ultimate goal is to improve our service delivery systems. Our present systems have evolved to address singular/discrete disorders. It is entirely possible to reshape our mental health and substance abuse systems and communities of care across systems, to provide comprehensive services to all consumers. In doing so, these programs will be able to provide effective interventions for persons who have dual/multiple disorders.

#### Spinal Cord Injury Information Network

<http://spinalcord.uab.edu>

The Rehabilitation Research Center (RRC) for Traumatic Brain Injury (TBI) and Spinal Cord Injury (SCI) <http://www.tbi-sci.org> The Rehabilitation Research Center (RRC) for Traumatic Brain Injury (TBI) and Spinal Cord Injury (SCI) conducts research to better understand and improve outcomes after TBI and SCI. Our facility

at Santa Clara Valley Medical Center is a federally-funded "Model System of Care" for individuals who have had brain injuries or spinal cord injuries. Besides providing inpatient rehabilitation, we also coordinate community programs (like peer support), conduct research, and provide resources. The TBI (Traumatic Brain Injury) and SCI (Spinal Cord Injury) Projects are funded through the National Institute on Disability and Rehabilitation Research, Office of Special Education and Rehabilitative Services, US Department of Education

Office of Disability Employment Policy formerly the President's Committee on Employment of Person's with Disability
