**Geography
Minor
for
Education
Majors**

Geography offers a spatial perspective so we may better understand how and why things differ from place to place.

Teaching geography concepts and map skills in the classroom is essential to helping students think globally.

Required Courses

104	Introduction to Geography
205	Physical Geography
302x	Regional Geography, titles vary*
305	Geography & Map Skills for Teachers
	Select from one of the following:
213	Cultural Geography
348	Geography of Metropolitan Chicago
	Select from one of the following:
291	GIS across Disciplines
377	Computer Cartography
380	Field Methods

*Regional Geography 302V: US & Canada is highly recommended as most grades include US topics in the curriculum.

A Geography Minor requires taking six courses. Three must be at the 300 level. Courses should be selected in consultation with the Geography Minor Advisor.
