TENURE-TRACK FACULTY POSITION
DEPARTMENT OF COMPUTER SCIENCE
NORTHEASTERN ILLINOIS UNIVERSITY
CHICAGO, ILLINOIS

POSITION: One full-time, tenure-track assistant professor position in the Department of Computer Science starting August 16, 2016.

SALARY: Based on qualifications and experience.

QUALIFICATIONS: Ph.D. in Computer Science or closely related field. Candidate should have a strong commitment to teaching and ongoing scholarly activity. We will consider applicants from all areas of computer science, but we are especially looking for candidates with research interests from the following areas: Bioinformatics, Computational Biology, and Complex Systems. The ideal candidate should also have industry experience and strong software development skills.

RESPONSIBILITIES: Northeastern Illinois University is primarily a teaching institution with a teaching workload of three courses per semester (fall/spring). The ideal candidate should be able to teach a wide variety of graduate and undergraduate courses in Computer Science, as well as advise Master's students on their projects or theses. The ideal candidate should also keep an active research agenda as well as being involved in departmental and university-wide service.

UNIVERSITY: Northeastern Illinois University is a fully accredited public university serving around 10,000 full and part-time undergraduate and graduate students in the Chicago metropolitan area. NEIU engages its diverse campus community in a rich environment of teaching, learning, and scholarship. The University offers more than 80 academic programs in the arts, humanities, social sciences, STEM disciplines, education, and business. Northeastern is recognized as one of the most diverse universities in the United States and is federally designated as a Hispanic serving Institution. NEIU's main campus is located on a 67-acre campus in a residential neighborhood on the northwest side of Chicago. In fall 2014, Northeastern Illinois had its grand opening of the new, state-of-the-art, El Centro campus building, near Belmont and Pulaski. Other satellite locations include the Carruther's Center for Inner City Studies, Chicago Teachers’ Center, and the University Center of Lake County. For more information on NEIU, see www.neiu.edu.

The Department has lost several faculty members recently to retirement. Currently, we have seven tenured/tenure track faculty. We have one of the largest departments on campus, around 400 undergraduate majors and over 150 graduate students. Areas of research in the Department include Human Computer Interaction, Artificial Intelligence, Network Security, and Theory of Computation.

APPLICATIONS: Interested applicants should send a cover letter, CV, statement of teaching philosophy, research statement, student course evaluations, and three letters of reference (with at least one addressing teaching effectiveness) to:

Susan Snyder: sm-snyder@neiu.edu.
Review of Applications will begin November 15, 2015, and will continue until the position is filled.

Northeastern Illinois University is an Equal Opportunity/Affirmative Action employer and invites applications from Women, Minorities, Veterans and Persons with Disabilities, as well as other qualified individuals. Northeastern Illinois University positions are contingent upon the University's receipt of its State of Illinois appropriation.
