History of HSIs

1978 – Hispanic Higher Education Coalition (HHEC) advocates for additional funds for institutions that enroll significant numbers of Latino students

1986 – Hispanic Association of Colleges and Universities (HACU) coins the term “Hispanic-Serving Institution”

1992 – HSIs become an official definition of higher education institutions that reach 25% Latino population

1998 – Developing Hispanic Serving Institutions Program is created, known as Title V, and added to the programs under the Higher Education Act of 1965.

What are Hispanic Serving Institutions?

Enrollment of Undergraduate Full-Time Equivalent (FTE) Students that is at least 25% Hispanic

At least 50% of the degree-seeking students receive need-based assistance under Title IV

Substantial percentage of the students receiving Federal Pell Grants

https://sites.ed.gov/hispanic-initiative/hispanic-serving-institutions-hsis/
Developing Hispanic Serving Institutions Programs / Title V

Provides federal grants to assist HSIs "expand educational opportunities for, and improve the attainment of, Hispanic students and other low-income individuals,”
https://www2.ed.gov/programs/idueshsi/index.html

Institutional capacity building grants intended to have long-term impact by:

- Expanding and improving academic programs
- Improving institutional management
- Improving institutional fiscal stability

Equity in access, enrollment and educational outcomes continues to be a mission-critical goal.

Seal of Excelencia: Accelerating Latinx Student Success

The Seal of Excelencia framework provides a platform where institutions with committed leaders and positive student outcomes will be recognized for their efforts to effectively serve Latino students. Our commitment is to work in partnership with higher education and to operate within an optimistic framework recognizing the accomplishments of many institutions that are SERVING Latino students well.

Further, we recognize that developing the ability to serve Latino students enhance the capacities of institutions to serve all students.

**Data:** Institutions demonstrate they have accurate data and show positive movement among six key data metrics:

1. Enrollment of Latino students,
2. Retention of Latino students,
3. Transfer in and out of Latino students,
4. Financial support for students through Pell grants, institutional aid, employment, and work study,
5. Representation of Latinos in administration, faculty, and staff to further model success, and,
6. Degree completion of Latino students.

**Practice:** Institutions that intentionally implement and advance evidence-based programs and policies in six key practice areas to achieve desired results for Latino students include:

1. Enrollment of Latino students,
2. Retention of Latino students,
3. Transfer in and out of Latino students,
4. Financial support for students through Pell grants, institutional aid, employment, and work study,
5. Representation of Latinos in administration, faculty, and staff to further model success, and,
6. Degree completion of Latino students.

**Leadership:** Institutions demonstrate leadership impact, including the intentional execution of a strategic plan and/or guidance by the president and the board to build, implement and evaluate how the institution aligns data and practice to improve Latino student success according to the following 5 leadership principles:

1. Mission and strategy — where aspects of the institution’s mission and vision are articulated and implemented to intentionally include Latino students’ success;
2. Data and practice — how disaggregated data (by race and ethnicity) and practices are aligned to inform initiatives that accelerate Latino college completion;
3. Human resources — how recruitment, onboarding, and professional development (especially for faculty) prioritize serving Latino students and the community in the institution;
4. Communications — how internal and external communications are leveraged to share information to make the intentionality to serve Latino students clear and keep momentum building toward goals set by the college and across the institution and community;
5. Institutional culture — articulate what is authentic and interesting about the institution, how it is communicated and cultivated, and inclusive of intentionally serving Latino students.
Council on the Status of Latinxs (CSL) at NEIU

Mission: The Council on the Status of Latinas/os (CSL) is committed to representing and advocating on behalf of Latinas/os to ensure the academic, professional, social and cultural needs of Latinas/os are met. The CLS advises, monitors and initiates actions that support and promote the status of Latinas/os at NEIU, paying special attention to issues of climate, representation, policies, practices.

Objectives:

• Coordinate with units across the University to ensure collaboration serving Latinxs students
• Monitor progress on grants awarded to NEIU as they pertain to Latinx performance, progress and equity
• Ensure equitable Latinx staff and faculty representation across the University proportional to the Latinx student body population.
• Track recruitment, retention and graduation of Latinx students

2020 Seal of Excelencia Application

Background on Seal of Excelencia
Excelencia in Education’s mission is to accelerate Latino student success in higher education. We are committed to significantly increasing the number of Latino students attaining college degrees by 2030 in partnership with institutions. As part of this commitment, Excelencia in Education established the Seal of Excelencia, a national certification for institutions that strive to go beyond enrollment to better SERVE Latino students.

To support and reinforce institutional capacity to better serve, Excelencia developed a framework that integrates essential components of transformation into a comprehensive institutional strategy for SERVING students. This framework represents learning from over 20 years of working with higher education institutions and is grounded in Excelencia’s research, identification of evidence-based practices, and extensive collaboration with a large network of leaders committed to the common cause of Latino student success.

Purpose of Seal of Excelencia
Latino college completion is improving but is not happening fast enough to close gaps in degree attainment. Purposely, the Seal of Excelencia distinguishes institutions SERVING Latino students with intentionality and impact. The Seal of Excelencia application aligns with the three core areas of Seal of Excelencia framework: data, practice, and leadership.

In 2019, Excelencia announced its first cohort of institutions receiving the Seal of Excelencia certification. To learn more about 2019 Seal of Excelencia certified institutions, click here.

Excelencia is committed to working in partnership with institutions to share and learn strategies that align data, practice, and leadership as a community of learners to accelerate Latino student success. Further, we recognize that developing the ability to serve Latino students enhances the capacity of institutions to serve all students.

How to Apply for Seal of Excelencia
Institutions applying for the Seal of Excelencia will share their story of intentionally serving Latino students by providing the following:

- A data snapshot of Latinos being served at the institution;
- Strategies with corresponding practices and/or programs that are aligned to institutional data and show impact on Latino student success; and
- Leadership strategies that overtly demonstrate institutional commitment and intentionality to SERVE Latino students.

SECTION 3: BACKGROUND

Provide an overview of your institution, including the community and student populations you SERVE. (500 word maximum)

SECTION 4: ENROLLMENT

Fast fact: In 2018-19, Latinos were the second largest group enrolled in higher education (21%) compared to Whites (54%), African Americans (13%), and Asians (7%).

Enrolling Latino students is needed before an institution can intentionally SERVE Latino students in college. This section provides an opportunity to share your institution’s efforts in enrolling Latino students.

Fall Enrollment – Undergraduate *

Enrollment Strategy
Describe your institution’s strategy for intentionally SERVING Latino students through enrollment. (400 word maximum)

Representation
Identify up to 3 academic majors where Latinos are underrepresented at your institution. Describe your institution’s strategy to intentionally SERVE Latino students by increasing their representation. (400 word maximum)
**Service Area**
Does the Latino undergraduate representation at your institution mirror the Latino representation in your local service area?

- Yes
- No

**Programs and Practices**
Describe up to three specific programs/practices that support your institution's progress on Latino student enrollment (aligned to your data provided). Include how many students (Latino and all) are served in each practice, the evidence of effectiveness, and how your institution sustains and/or scales each practice.

SECTION 5: RETENTION

Fast fact: For the latest student cohort (Fall 2017), Latino students’ first-year retention rate is 71% (60% at first institution and 11% at different institution).

Once enrolled, institutions intentionally SERVING Latino students are invested in retaining them and providing support for students to persist in their educational program. This section provides an opportunity to share your institution’s efforts in retaining Latino students.

Retention/Persistence Rates *

Please download the Retention and Persistence table and provide either five years of retention rates (measured from the previous Fall to the current Fall), or student persistence rates (calculated through the National Student Clearinghouse). * Retention rate data measure the rate at which students persist in their educational program. For four-year institutions, this is the percentage of first-time bachelors (or equivalent) degree-seeking undergraduates from the previous fall who are again enrolled in the current fall. For all other institutions this is the percentage of first-time degree/certificate-seeking students from the previous fall who either re-enrolled or successfully completed their program by the current fall. Retention rate data include full-time and part-time retention rates.

SECTION 7: SUPPORT FINANCIALLY

Fast fact: Latino students are more dependent on federal financial aid than institutional or state aid. In 2015-16, more than half (56%) of Latino students received federal aid compared to state aid (29%) and institutional aid (19%).

Financial aid helps make college affordable for all students—especially Latinos. This section provides an opportunity to share your institution’s efforts in supporting students financially.

¹ Federal Pell Grant data measure the percent of undergraduate students awarded Pell Grant aid. The Pell Grant program provides grant assistance to eligible undergraduate postsecondary students with demonstrated financial need to help meet education expenses.

² Other grant aid includes grant aid awarded from the federal government, a state or local government, the institution, and other sources known by the institution.
3 Federal loan data measure the percent of undergraduates awarded federal student loans. Loans to students include any monies that must be repaid to the federal government for which the student is the designated borrower. They include all Title IV subsidized and unsubsidized loans and do not include PLUS and other loans made directly to parents or students.

4 Other financial aid includes work-study, scholarship aid, and other sources known by the institution that have not been reported in prior sections. This does not include PLUS and other loans made directly to parents.

**SECTION 8: REPRESENTATION: Faculty, Administration, and Staff**

Fast fact: In 2017-18, there were over 700,000 faculty teaching at all institutions of higher education. Latinos represented 5% of full-time faculty. At Hispanic-Serving Institutions (HSIs), Latinos represented 17% of full-time faculty.

Increasingly, Latino students are advocating for more faculty, administrators, and staff that represent them and their experiences. This section provides an opportunity to share your institution’s efforts for representing Latinos in faculty, administration, and staff.

**Representation** *

SECTION 10: LEADERSHIP

Fast fact: The institutions in Excelencia’s P4LSS network enroll and graduate 1 in 5 Latinos in the U.S.

Leadership is defined in many ways. For the Seal, leadership is defined institutionally. Institutional leadership for SERVING Latino and other post-traditional students integrates multiple components (e.g. mission and strategy, data and practice, human resource practices, communications, and institutional culture) of an institution.

MISSION AND STRATEGY

Mission and strategy refers to aspects of the institution’s mission and strategy that are articulated and implemented to intentionally include Latino students’ success.

Institutional Mission
Share your institutional mission and describe how it addresses SERVING Latino students. (250 word maximum)

Institutional Strategy
Highlight up to three strategies that describe how your institution is intentionally SERVING Latino students (e.g. strategic plans, initiatives, practices).

Strategy 1
(250 word maximum)

Strategy 2
(250 word maximum)

Strategy 3
(250 word maximum)

DATA AND PRACTICE

Data and practice refers to how disaggregated data (by race and ethnicity) and institutional practices are aligned to inform initiatives that improve Latino student success throughout the institution.

How does your institution use data and practice to inform your decision-making “day to day?” (300 word maximum)

*Indicates a required field.
How do your institutional efforts to use data and practice to increase Latino student success improve success for all students? (400 word maximum)

Data by Race/Ethnicity

Does your institution submit student race/ethnicity data to the National Student Clearinghouse (NSC)?

Yes
No

If yes, how does your institution use this NSC data to inform your institutional practices? (100 word maximum)

HUMAN RESOURCE (HR) PRACTICES

Human resource practices refers to how recruitment, onboarding, and professional development (especially for faculty) prioritize serving Latino students and the institutional community.

Describe how your institution intentionally incorporates SERVING Latino students in your human resource practices (e.g. recruitment, hiring, and onboarding of faculty, administrators, and staff). (400 word maximum)

Describe how your professional development practices prepare your faculty to more intentionally SERVE Latino students. (400 word maximum)

Does your institution's performance review for faculty, administrators, and staff include elements related to Latino student success?

Yes
No

If yes, describe what elements related to Latino student success are included in the performance review? (100 word maximum)
Recruitment/Hiring
Are measures to increase Latino representation among faculty, administrators, and/or staff in your recruitment and hiring included in your institution’s strategic plan?

Yes
No

If yes, what are your benchmarks for progress and what progress has been made in Latino representation? (150 word maximum)

COMMUNICATIONS
Communications refers to aspects where internal and external communications are leveraged to share information making the intentionality to serve Latino students clear.

Describe how your institution communicates intentionally SERVING Latino students through internal and external communications. (400 word maximum)

Engagement
Describe how your institution’s leadership engages with Latino/Hispanic faculty to intentionally SERVE Latino students. (150 word maximum)

Describe how your institution’s leadership engages with Latino/Hispanic student groups and associations to intentionally SERVE Latino students. (150 word maximum)

Outreach
Does your institution outreach to the Latino/Hispanic community?

Yes
No

If yes, highlight one or two outreach strategies your institution has implemented and how it intentionally SERVES the Latino community. (100 word maximum)
INSTITUTIONAL CULTURE

Institutional culture refers to how the institution articulates authentically its intentionality in SERVING Latino students, including how it is cultivated and supported.

Describe how your institution ensures Latino representation in your leadership that mirrors your Latino student population team (e.g. President’s cabinet, Deans, faculty senate, and student government association). (400 word maximum)

Does your institution have an inclusive and supportive campus climate that reinforces intentionally SERVING Latino students?

Yes
No

If yes, how do you know your campus climate is intentionally SERVING Latino students? (100 word maximum)

Workforce

Describe your institution’s career services that link Latino students to the workforce and success post-graduation. (400 word maximum)

Does your institution stay in touch with your Latino alumni and their progress in the workforce?

Yes
No

If yes, how are you keeping in touch and what are some takeaways/findings? (100 word maximum)

HSI Funding Support

Does your institution currently have a Hispanic-Serving Institution (HSI) grant from federal agencies like ED, NSF, USDA, or DoD?

Yes
No

If yes, what are the areas of focus for the grant? (100 word maximum)

*Indicates a required field.
**Honors College**
Does your institution have an Honors College/Program?

Yes
No

If yes, do participants in the Honors College mirror the student population?

Yes
No

**Latino/Chicano Studies**
Does your institution have a Latino/Chicano Studies Program?

Yes
No

Undocumented Students are Welcome at NEIU

Luvia Moreno
(She/Ella)
Undocumented Student Resources
Board of Trustees - March 18, 2021
Goals for Today

- Learn about NEIU undocumented students
  - Enrollment Data
  - Retention and Graduation Rates

- Reflect on NEIU’s history of support for undocumented students

- Highlight the work of Undocumented Student Resources & its partners

- Identify areas of opportunity to better support undocumented students

- Steps we are beginning to take across the University
**Terminology**

**Undocumented** - People who are not U.S. citizens or Legal Permanent Residents (LPRs) of the United States, who do not hold a current visa to reside in the U.S., and who have not been approved for legal residency in the U.S.

**DREAMers** - Undocumented youth who were part of the DREAM Act movement introduced in 2001 but never passed. Legislators and some immigrant advocacy groups still use this term when advocating for changes in undocumented youth policies.

**DACA-mented** - Undocumented individuals who have been granted Deferred Action for Childhood Arrivals (DACA). DACA provides individuals with a renewable work permit and protection from deportation for two years.

**Drop the “I-word!”**
The term illegal is a racially charged slur that is dehumanizing and is used to discriminate against people of color.
Intersection of Laws and Higher Education

FEDERAL LAWS
1982 - Supreme Court Case Plyler v Doe - States cannot constitutionally deny free public education on account of immigration status.

1974 - FERPA - Protects the privacy rights regarding the disclosure of information of students’ education records.

2012 - Deferred Action for Childhood Arrivals (DACA) - Executive Action that protects eligible applicants from deportation and gives them work authorization for a renewal period of 2 years.

STATE LAWS

2011 - SB 2185: IL Dream Act – The first senate bill in the U.S. to create a private scholarship fund for undocumented youth. This bill also mandates training for high school counselors, as well as a savings plan with the State Treasury.

2019 - HB 2691: RISE Act – The Retention of Illinois Students and Equity (RISE) Act went into effect on January 1, 2020, and allows undocumented students to be eligible to apply for State funding like the Monetary Award Program (MAP).
### Challenges & Barriers

- **Education**
  - Unwelcoming and hostile educational environments
  - College admissions process and policies
  - Paying for college after the first year
  - No access to federal financial aid
  - Long commutes to and from school
  - Choosing a major

- **Emotional and Medical**
  - Limited access to healthcare
  - Anxiety and depression
  - Feelings of shame and insecurity about the future

- **Societal and Familial**
  - Feeling the obligation to help the family
  - Unrealistic expectations of perfection
  - Fear of deportation for themselves and their family

---

→ **98,000** undocumented youth graduate from high school every year; **4%** live in Illinois

- **5-10%** pursue higher education
  - Far less earn a degree

What our Undocumented Students Want

- Improved communication to students while making equitable decisions for all students in consultation with VPSA and Director of USR
- Equitable and transparent funding
- Resources and programming
  - Peer mentorship
  - NEIU staff-to-student coaching and mentoring
  - Career development with an emphasis on those who are not able to be traditionally employed
  - Support for transfer students who oftentimes feel alone in their transition to NEIU
  - Safe space for undocumented students to meet
  - Additional staffing for Undocumented Student Resources
    - Graduate interns/assistants, student aides, coordinators, legal and mental health professionals
Steps We Are Taking

- New Vice President (VP) of Student Affairs and Dean of Students (DOS) who understands the needs of undocumented students, will be a sounding board for the President and the cabinet when crafting policy and messaging that affects undocumented students.

- Vice President for Institutional Advancement and VP for Student Affairs & DOS partnering with URO and SGA to implement:
  - Creation of landing page for Donors
    - Student Emergency Fund, the Undocumented Student Fund, the Aspire Scholarship, the Dr. Daniel Lopez Jr. Undocumented Student Fund, and the Jose Guadalupe Foundation Endowment.
  - Develop messaging in English, Spanish, and other languages.

- Director of Admissions Operations is developing personalized messaging for incoming admitted students on the next steps in their admissions process.

- Inaugural Career Fair for undocumented students in April 2021 through the Career Development office.

- NEIU offers multiple spaces for undocumented students to meet:
  - Pedroso Center, Luvia’s office, meeting rooms, classrooms, El Centro, CCICS, and more.
Q&A

Thank you for being an ally to undocumented students!
Academic/Student Affairs, Enrollment and Technology Committee

Dennis M. Rome, PhD
Provost and Vice President, Academic Affairs
March 18, 2021
In Illinois, 28% (324,000) of African Americans over age 25, 16.2% of Latinx (195,000) and 1.2 million white adults have some college and no degree. 42% percent of African Americans over age 25, 64% of Latinx, and 32% of white adults have less than a high school diploma. Adults with higher levels of education earn progressively more over their lifetime than their peers with less education. It is both an equity imperative and an economic imperative that the education system adjusts to the unique needs of adult students to ensure they are not left behind.

How do we meet the unique needs of a) adult students with some college and no degree and b) adults with less than a high school diploma, and c) English Language Learners to ensure they are not left out of the economy?

*Need to better define:
  • Who are adult learners? They look different than they looked before.

STRATEGIC INVESTMENTS – NETWORK INFRASTRUCTURE

The data center on NEIU’s main campus houses the majority of the Universities primary network services.

Investments for Calendar Year 2021 Include:

- Servers: High performing computer(s) that deliver numerous resources, data and services to another system or workstation.
- Storage System: Centralized repository of institutional data accessible over a high-speed network.
- Network Switches and Routers: Connects and manages multiple devices and network segments.
- Firewall: Security boundary the blocks unauthorized access and permits approved communication to pass through.
- Uninterruptible Power Supply (UPS): Provides battery backup power when the regular power source fails or drops to an unacceptable level. This allows for the safe, orderly shutdown of the servers and systems.
- Network / System Management Controls and Monitoring Tools

The above implementations will address current audit finding and establish the foundational infrastructure that enables UTS to focus on strategic projects.

Title V: Individual Development Grant

• **Total Grant Amount:** $2.6 million; Annual Grant budget: $510,000
  • Support 5 staff: Director, Student Success Coordinator; IR Data Analyst; Starfish Systems Coordinator in addition to 20+ peer mentor/student workers.

• **Timeframe:** Year 5 of 5; 2016-2021

• **Grant Goals:**
  • Increase the fall-to-fall retention rate for first-year students from 60.3% to 72.0%.
  • Increase fall-to-fall retention rate for first-year Hispanic students from 56.6% to 67.0%.

• **Key Progress to Goals:**
  • Fall to Fall retention is at 66.7%-substantial progress toward goal
  • Fall-to-Fall retention for first-year Hispanic students 68.1%-goal achieved
Title III: EXITO (Exit On Time in STEM)

- **Total Grant Amount**: $5,321,663; Annual Grant budget: $1.1 million
  - Support 8 staff: Director, Assist. Director, STEM Success Coaches, EnviSci Lab Manager, Office Admin, Data Analyst
  - Peer Leaders/Tutors, SCSE Summer Research, STEM Student Ambassadors, STEM Faculty PD, Student Workshops, Transfer Initiatives (Welcome Events, Transfer Guides), EMERGE, co-requisite Algebra course, EnviSci lab renovation, Success Coaches

- **Timeframe**: Year 5 of 5; 2016-2021

- **Grant Goals**:
  - Increase % of first-year Hispanic students who successfully pass gateway math courses from 25.7 % to 32%
  - Increase fall-to-fall retention for first-year Hispanic students from 56.6% to 67%

- **Key Progress to Goals**:
  - Renovated EnviSci lab
  - Fall-to-Fall retention for first-year Hispanic students 68.1%
  - Math Gateway first-year Hispanic students pass rate 33.3% (students enrolled in co-requisite over life-time of grant have 50% pass rate)
Title V: Caminos al Éxito Cooperative

- **Total Grant Amount:** $3,750,000; Annual Grant budget: $750,000
  - Support 6 staff: Director, Outreach Coordinator, Transfer Coordinator, Student Success and Retention Coordinator, Student Aide, Office Admin
- **Timeframe:** Year 3 of 5; 2018-2023
- **Grant Goals:**
  - 1: Connect high school students and their families from the target communities shared by Wright and NEIU to the local high education system (Amundsen, Foreman, Lane, Lakeview, Mather, North Grand, Prosser, Roosevelt, Schurz, Senn, Steinmitz, Taft, Von Stuben)
  - 2: Enhance the freshman and sophomore experience at Wright
  - 3: Enhance the advising transfer pathway between Wright and NEIU
  - 4: Support degree attainment at NEIU through third- and fourth-year career preparation support
- **Key Progress to Goals:**
  - Building relationships and providing services to the high schools
  - Supporting the transfer process at NEIU (Transfer Student Welcome Event, National Transfer Student week, and texting campaigns)
  - Establishing a transfer pathway from Wright to NEIU
Title V: CASA (Creating Access to STEM for All)

- **Total Grant Amount:** $3,000,000; **Annual Grant budget:** $600,000
  - Support 3-4 staff: Director, Principle Investigator, Cohort Advisor, Program Assistant
  - Professional Learning Team, Early Research Experience, Peer Leader training and implementation in gateway math and biology, creation of 2 year STEM cohort with 4 designated general education cohort courses, creation of stretch-calculus course (utilizing co-req algebra course from Title III), development of cohort and course assessments, establish cohort seminar, renovate biology lab

- **Timeframe:** Year 1 of 5; 2020-2025

- **Grant Goals:**
  - Expand and make flexible pathways for students obtaining degrees in STEM
  - Improve the academic program, increasing responsiveness to the needs of Hispanic and low-income students
  - Increase the number of students in STEM majors and who graduate with STEM degrees within 5 years
  - Improve access to up-to-date labs to maximize the experiential learning potential in STEM for all students

- **Key progress to goals:**
  - We will be welcoming our first cohort in Fall 2021

Recommendation for Possible Future Action: Request for Search Firm: Associate Vice President for Enrollment Services

University policy E1.08.01 “Hiring of External Search Firms” states: in accordance with 10 ILCS 680/25-175, Northeastern Illinois University may employ an external search firm to facilitate the hiring of the President or the hiring of an individual when there is a demonstrated and justifiable need for guidance from a firm or individual with specific expertise in the field of hiring. The President requests that the Board approve the use of a search firm to hire an Associate Vice President of Enrollment Services (AVP/ES) based on the university policy:

Specialized nature and scope of position
The AVP/ES functions as the chief enrollment officer. As a senior level administrative position, the AVP reports to the president and is a member of the president’s cabinet. The AVP maintains oversight of daily operations in enrollment services and as a critical position it includes: admissions, financial aid/scholarships, advising, recruitment, registration, student activities, and student payment services. In addition, the AVP works closely with the Provost/Vice President for Academic Affairs, Associate Provosts, and the Vice President for Finance & Administration among others. The new AVP will be presented with a significant opportunity to collaboratively work with internal and external constituents to build upon NEIU’s institutional strengths to imagine, develop, and execute an ambitious plan for institution-wide enrollment growth.

Need for hiring an external search firm
Executive search firms have extensive experience recruiting and pre-qualifying candidates. They know the employment market, understand the needs of the university and know where to look for qualified candidates. A search firm will narrow the candidate pool down to a more manageable number of qualified candidates to be considered by the search committee. Moreover, they routinely reach out to extremely qualified potential candidates who are not seeking employment; they know how to present opportunities and perhaps convince them to apply. The university recently completed a search for AVP without the use of a search firm. The pool of candidates lacked the overall experience and expertise needed. No candidate was selected. The recent NEIU Enrollment Services Report, completed by SEM Works, details the in-depth knowledge and specific proficiencies needed for the next AVP.

The external search firms will ensure diverse applicant pool
I have communicated the need for a diverse pool of applicants for each senior level search we have conducted. The search firm will be proactive, aggressively seeking the diversity that Northeastern desires. In addition to extensive recruitment, I will emphasize that advertisements must also be placed the leading publications (Hispanic Outlook, Journal of Blacks in Higher Education, Diverse: Issues in Higher Education). Finally, I will expect the search firm to consistently reach out to and follow up with academic organizations.

Recommended Action
In accordance with Board Regulations and University policy, I request the Board approve the hiring of a search firm to conduct an Associate Vice President for Enrollment Services search.
