edTPA FY 2021

Effective June 18, 2020 Governor Pritzker signed into law Public Act 101-0643 that waives the edTPA requirement anytime there is a public health emergency within the State of Illinois. Based on this waiver NEIU had very few teacher candidates optionally completing the edTPA assessment.

Consequently, our threshold of 10 candidates per program was not achieved so there is no data to report at this time for Fiscal Year 2021.
