B. STUDENT FINANCIAL AID**1. Definition**

Student financial aid includes tuition waivers, scholarships, grants, loans, and employment opportunities that are provided for students to assist them in meeting the costs of university attendance whether from university, state, federal, or private resources.

2. Financial Aid Policies

The university shall develop policies for the administration of its financial aid program. The policies shall become effective when approved by the President.

Financial aid policies shall be consistent with the Board's commitment to provide an equal opportunity to qualified Illinois residents to attend Northeastern Illinois University. The policies shall include the following provisions and such other provisions as are necessary and appropriate:

- a. The policies and procedures concerning the award of tuition waivers shall describe all tuition waivers issued by the university and the criteria for their award. The policies and procedures shall comply with Board of Higher Education tuition waiver policies and the other applicable laws, policies, rules, or requirements.

In compliance with [110 ILCS 680/25-90](#), the university's policies and procedures for the award of tuition waivers shall provide that each eligible child of any Northeastern Illinois University employee who has been employed for at least 7 years by Northeastern Illinois University shall, upon proper application and verification of eligibility, be offered a 50 percent tuition waiver for any academic year for which the child:

- 1) is under the age of 25 at the commencement of the academic year during which the partial tuition waiver is to be effective. Eligibility for this purpose will be verified on a year-by-year basis;
- 2) qualifies for admission under the same admissions requirements, standards, and policies which the university to which the waiver will be applied generally applies to applicants for admission to its respective undergraduate programs;

- 3) is the natural, adopted, foster, or step-child of a current employee who has been employed for a total of at least seven cumulative years by Northeastern Illinois University. Academic years shall count as calendar years for those employees normally employed on an academic year basis. Employment which is or was contingent upon an individual's status as an enrolled student shall not be counted as part of this seven cumulative years of employment;
 - 4) has, if the application is for a renewal of the award, maintained satisfactory academic progress toward graduation as this would be determined by the established rules of the university; and
 - 5) has not expended a total of 4 years of undergraduate 50 percent tuition waiver benefits as provided under this section.  - c. Policies and procedures concerning the appointment, hours of work, and compensation of graduate assistants. Graduate assistants may not hold faculty rank and must hold at least the baccalaureate degree or its equivalent.

C. RESIDENCY STATUS

1. Definitions

For purposes of this regulation, the following definitions pertain:

- a. An "adult student" is a student who is 18 or more years of age.
- b. A "minor student" is a student who is less than 18 years of age.
- c. An "emancipated minor student" is a completely self-supporting student who is less than 18 years of age. Marriage or active military service shall be regarded as effecting the emancipation of minors, whether male or female, for the purposes of this regulation.
- d. "Residence" means legal domicile. Voter registration, filing of tax returns, proper license, and registration for driving or ownership of a vehicle, and other such transactions may verify intent of residence in a state. Neither length of university attendance nor continued presence in the university community during vacation periods shall be construed to be proof of Illinois residence. Except as otherwise provided in this regulation, no parent or legal or natural guardian will be considered a resident unless the parent or guardian maintains, with no intention of changing legal residence to some other state or country, a bona fide and permanent residence in Illinois, except when temporarily absent from Illinois.

2. Residency Determination

The university shall determine the residency status of each student enrolled in the University for determining whether the student is assessed in state or out-of-

state tuition. Each applicant for admission to the university shall submit at the time of application evidence for determination of residency. The office responsible for admissions shall make a determination of residency status.

- a. If a non-resident is classified by error as a resident, a change in tuition charges shall be applicable beginning with the term following reclassification. If the erroneous resident classification is caused by false information submitted by the student, a change in tuition charges shall be applicable for each term in which tuition charges were based on such false information. In addition, the student who has submitted false information may be subject to appropriate disciplinary action.
- b. If a resident is classified by error as a non-resident, a change in tuition charges shall be applicable during the term in which the reclassification occurs, provided the student has filed a written request for review in accordance with this regulation.

3. **Residency Requirements**

(Section IV., Subsection C.3. Revised, November 13, 2014, Board Action)

a. Tuition Rates for Students from Neighboring States

Beginning in fall semester 2015, all new students from neighboring states will be assessed in-state tuition rates. Students will qualify if they reside in Indiana, Wisconsin, Michigan, Iowa, Kentucky, or Missouri.

b. Adult Students

To be considered a resident, an adult student must have been a *bona fide* resident of Illinois, Indiana, Wisconsin, Michigan, Iowa, Kentucky, or Missouri for a period of at least six consecutive months immediately preceding the beginning of any term for which the individual registers at the university, and must continue to maintain a *bona fide* residence in Illinois, Indiana, Wisconsin, Michigan, Iowa, Kentucky, or Missouri. In the case of adult students who reside with their parents (or one of them if only one parent is living or the parents are separated or divorced), the student will be considered a resident if the parents have established and are maintaining a *bona fide* residence in Illinois, Indiana, Wisconsin, Michigan, Iowa, Kentucky, or Missouri.

c. Minor Students

The residence of a minor student shall be considered to be the same as and change with the following:

- 1) That of the minor's parents if they are living together, or the living parent if one is deceased; or
- 2) If the parents are separated or divorced, that of the parent to whom custody of the minor has been awarded by court decree or order, or, in the absence of a court decree or order, that of the father unless the minor has continuously resided with the mother for a period of at least six consecutive months immediately preceding the minor's registration at the university, in which latter case the minor's residence shall be considered to be that of the mother; or

- 3) If the minor has been legally adopted, that of the adoptive parents, and, in the event the adoptive parents become divorced or separated, that of the adoptive parent whose residence would govern under the foregoing rules if the parent had been a natural parent; or
- 4) That of the legally appointed guardian of the person; or
- 5) That of a "natural" guardian such as a grandparent, adult brother or adult sister, adult uncle or aunt, or other adult with whom the minor has resided and by whom the minor has been supported for a period of at least six consecutive months immediately preceding the minor's registration at the university for any term if the minor's parents are deceased or have abandoned the minor and if no legal guardian of the minor has been appointed and qualified.

d. Emancipated Minors

If emancipated minors actually reside in Illinois, Indiana, Wisconsin, Michigan, Iowa, Kentucky, or Missouri such minors shall be considered residents even though their parents or guardians may not reside in Illinois, Indiana, Wisconsin, Michigan, Iowa, Kentucky, or Missouri. Emancipated minors who are completely self-supporting shall be considered residents if they have maintained a dwelling place within Illinois, Indiana, Wisconsin, Michigan, Iowa, Kentucky, or Missouri uninterruptedly for a period of at least six consecutive months immediately preceding the beginning of any term for which they register at the university. Emancipated minors who reside with their parents and whose parents (or one of them if one parent is living or the parents are separated or divorced) have established and are maintaining a bona fide Illinois, Indiana, Wisconsin, Michigan, Iowa, Kentucky, or Missouri residence shall be regarded as residents.

e. Minor Children of Parents Transferred outside the United States

The minor children of persons who have resided in Illinois, Indiana, Wisconsin, Michigan, Iowa, Kentucky, or Missouri for at least 12 consecutive months immediately prior to a transfer by their employers to some location outside of the United States shall be considered residents. This rule shall apply, however, only when the minor children of such parents enroll in the university within five years of the time their parents are transferred by their employer to a location outside the United States.

f. Married Students

A non-resident student, whether minor or adult, who is married to a person who meets and complies with all of the applicable requirements of these regulations to establish residence status, shall be classified as a resident.

Staff members of the university and of allied agencies, and faculties of state-

supported institutions of higher education in Illinois, holding an appointment of at least one-quarter time, and their spouses, and dependent children shall be treated as residents.

i. **Teachers in Public and Private Illinois Schools**

Teachers in the public and private elementary and secondary schools of Illinois shall, if subject to payment of tuition, be assessed at the resident rate during any term in which they hold an appointment of at least one quarter time, including the summer session immediately following the term in which the appointment was effective.

4. **Residency Status Appeal Procedure**

Students who take exception to their residency status classification shall pay the tuition assessed, but may file a claim in writing to the university office responsible for reconsideration of residency status. The written claim must be filed within 30 calendar days from the date of the tuition bill or the student loses all rights to a change of residency status for the term in question. If the student is dissatisfied with the ruling in response to the written claim made within said period, the student may file a written appeal within 10 calendar days of receipt of the decision to the responsible university office. Such written appeals shall be forwarded to the appropriate university vice president, who shall consider all evidence submitted in connection with the case and render a decision which shall be final.

5. **Special Situations**

Upon recommendation of the President, the Board may, in special situations, grant residency status to categories of persons otherwise classified as non-residents under this regulation.
