President's Report to the Finance, Buildings and Grounds Committee of the Board of Trustees of Northeastern Illinois University

January 27, 2020

American Federation of State, County and Municipal Employees (AFSCME), Local 1989

The University and the American Federation of State, County and Municipal Employees (AFSCME) Local 1989 reached a tentative contract agreement on December 9, 2019. The University was notified that union members ratified the tentative agreement on January 24, 2020.

AFSCME Local 1989 represents approximately 200 employees across the University. The ratified tentative agreement covers both language and wages with a term of five years, from July 1, 2018, to June 30, 2023.

The ratified tentative wage agreement provides for increases in each of the five contract years. All titles in the bargaining unit brought up to \$15.00/hour if they were below on July 1, 2018. Additionally, the parties negotiated increases for each fiscal year:

- Fiscal Year 2019, 2.5% pay increase effective July 1, 2018
- Fiscal Year 2020, 2.5% pay increase effective July 1, 2019
- Fiscal Year 2021, 4.5% (2.0% pay increase and 2.5 % equity adjustment) effective July 1, 2020
- Fiscal Year 2022, 4.5% (2.0% pay increase and 2.5 % equity adjustment) effective July 1, 2021
- Fiscal Year 2023, 4.5% (2.0% pay increase and 2.5 % equity adjustment) effective July 1, 2022

Local 1989 shall allocate the equity adjustments negotiated in years 3-5 of the collective bargaining agreement as it determines appropriate to resolve discovered inequities.

The ratified tentative agreement also includes some language changes.

Board approval of the ratified tentative agreement between the University and AFSCME is requested.

Information Item: Second Quarter Budget to Actual Report

The Northeastern Illinois University Board of Trustees at its June meeting approved the University preliminary operating budget, which represented preliminary spending plans for fiscal year 2020 (FY2020). The Board of Trustees approved the final FY2020 operating budget in September 2019.

The operating budget for FY2020 totals \$150,390,900. Of that total, \$88,846,700 is the University's unrestricted general operating budget supported by State appropriation and student tuition. In addition, the University's restricted funds budget amount of \$61,544,200 is supported by student fee programs, auxiliary services, grants and contracts.

At the Board's request, quarterly reports are provided for the unrestricted operating budget, which supports most University departments and ongoing operations. This report provides an update on second quarter spending in the unrestricted budget and is summarized in Table 1 at the end of this report.

Revenues

The FY2020 budget includes State support of \$35,566,900 for the University's unrestricted general operating budget, or 40 percent of that budget. University Income Funds are comprised primarily of tuition revenues. The FY2020 budget includes estimated income funds of \$53,279,800, or 60 percent of the general operating unrestricted budget.

Through the second quarter, the University has vouchered a total of \$33,048,700. Of this amount, through the second quarter, \$14,877,600 was received.

Through the second quarter, 93.0 percent of estimated tuition and income fund revenue was recorded, after adjusting for anticipated waivers and bad debt. These amounts represent the second half of summer 2019 and fall 2019 and partial spring 2020 enrollments. Because the summer term bridges two fiscal years, accruals are made to apportion the tuition revenues and operating expenses between those fiscal years.

Enrollment projections and the resultant revenue projections for the FY2020 budget are based upon historical enrollment trends, the analysis of Enrollment Management Services, and available current registration data. This altogether resulted in total annual credit hour enrollment projected to decline by 6.3 percent from FY2019 levels. Fall 2019 credit hour enrollments fell slightly short of the budget targets, with final census date hours below the preceding fall by 7.3 percent. Spring 2020 credit hours are slightly ahead of forecast, reflecting a decline of 5.7 percent from spring 2019.

It is important to note that for both the State appropriation and tuition income, revenues are recorded and reflected in this report as they are billed. Final revenue numbers will

President's Report to the Board of Trustees of Northeastern Illinois University February 13, 2020

be available after the University makes all accounting adjustments during the year-end reconciliation period following June 30, 2020. These adjustments are required to account for activity such as class drop refunds, statutory waivers, bad debt allowances, and fees associated with outstanding account balances.

Expenses

Through the second quarter, the University spent 45.3 percent of the total \$88,444,200 general operating unrestricted preliminary budget.

Expenditures in the first quarter of FY2020 include a payment of \$965,438 to American Campus Community based on occupancy shortfalls in the NEST. The FY2020 budget allowed for this payment and a second payment of an amount to be determined when actual occupancies in the NEST for the fall and spring semesters are realized.

Table 1 provides an outline the actual University revenues and expenses compared to budget through the first quarter of FY2020.
