

# BUSINESS INNOVATION & GROWTH CENTER

## Instructor

The BIG Center provides step-by-step curriculum designed to support budding business owners and founders. Instructors ensure that our entrepreneurs are exposed to a wealth of knowledge and know-how on the financial and management complexities of creating and running a business. Our instructors are industry leaders who believe in the BIG Center's mission to empower the entrepreneurial spirit.

This is a great opportunity to shape the future of innovation and be a catalyst among the next generation of business and tech leaders.

### An instructor:

- will teach part or all of the 12-week "Becoming your Own Boss" Business Planning Course and hold office hours;
- may develop future course material for the Center;
- will bring business acumen and encouragement to the classroom;
- will support building professional and business skills;
- will introduce connections to program participants to widen their network;
- will enhance the reputation of the BIG Center through outreach and promotion.

**An instructor will commit 24 hours a month on average to meet deliverables. Instruction is compensated.**
