

Hello Parents

October was filled with new and exciting things. The children noticed the changing colors of the leaves, and during our nature walks, they would point them out. They walked on the leaves, making a crunchy sound as they picked them up and tossed them into the air. They also noticed that some trees had no leaves. They learned new songs for autumn, circle, black, and orange, too. Thank you to all for the Halloween treats!

In November, the theme is about **Harvest**. In the **first week**, we will discuss the **farm**, how the seeds are planted and harvested, and how they are shipped. The **third week**, we will talk about **stores**, and the **last week** is about **THANKSGIVING and its meaning**. We hope you can help us explain the significance of this special event to your child.

The color we are learning this month is **BROWN**. The shape we are working on is the **rectangle**. We will look around our room and find different brown, rectangular objects.

Just a reminder that we go outside every day when the weather permits. Please be sure your child is appropriately dressed. In addition, please remember your child should be in school by 9:00 AM, and if you would like to have a snack, your child needs to be in no later than 8:45 AM.

November Songs

Rectangle song

(tune: "The Farmer in the Dell")

Rectangles everywhere!
Rectangles everywhere! Two sides are short.
Two sides are long. Rectangles everywhere!
The shape of a door, the rug on the floor,
the shape of a painting... and ever so much more!

Brown song

(tune: "Old MacDonald")

Brown is a color I can spell.
B-r-o-w-n.
Brown is a color I can spell.
B-r-o-w-n.
There's a brown dog here, and a brown bear there...
Brown horse, brown cow-everything is brown now!
Brown is a color I can spell.
B-r-o-w-n.

November Song

(tune: "On Top of Old Smokey")

The month of November
Has Thanksgiving Day.
We gather for dinner,
Watch football, and play!
With turkey and stuffing
And cranberries, too,
We're thankful for family
And friends just like you!
