

# MARCH

Dear Parents,

This month, our theme is "Spring Is in the Air." We'll discuss the changes we notice as the weather warms. The children will observe how the grass, trees, and flowers begin to grow and change. As the weather permits, we hope to take more short walks around the university to look for signs of spring and discuss what we see.

We will begin exploring community helpers and how they assist us in our neighborhoods. We will learn through books, art activities, and dramatic play.

Our focus color this month is green, and our focus shape is the diamond. These will be included throughout the classroom centers and daily activities.

We're looking forward to a fun and busy month together.

Ms. Celine

# Song lyrics of the month

**Green** (sung to the tune of BINGO)

**Green** is the color of the grass  
And a shamrock in the springtime.

**G-r-e-e-n, G-r-e-e-n, G-r-e-e-n,**  
Let's spell the color green again!

**Green** is the color of the frogs that leap into the water.

**G-r-e-e-n, G-r-e-e-n, G-r-e-e-n,**  
The color of our froggy friends!

**Diamonds** (sung to: "Sing a song of sixpence")

These cookies are like diamonds.

So are kites up in the air.

It has four sides and corners,  
but they don't make a square.

They are there when you play baseball,  
and when you play with blocks.

Diamonds can be anywhere...

Even on your socks!
