

28TH EDITION

Mathematical and Statistical Modeling of Complex Systems Workshop

Green and Digital Innovation for Sustainable Competitiveness

22-23 OCTOBER 2026 WARSAW + ONLINE FREE ADMISSION

SGH Warsaw School of Economics and Northeastern Illinois University invite you to explore how modeling can inform sustainable competitiveness and social progress.

THURSDAY · 22 OCT

**15:00-18:00 CEST (Warsaw)
08:00-11:00 CDT (Chicago)**

Social progress and innovation

Beyond GDP; health and social progress; regional clustering and SHAP.
Interdisciplinary modeling with neural networks and geometric methods.

FRIDAY · 23 OCT

**10:00-16:00 CEST (Warsaw)
03:00-09:00 CDT (Chicago)**

Green and digital pathways

Sustainable competitiveness, green innovation and the twin transition.
Hands-on strategic foresight: weak signals, wildcards and 2035 scenarios.

Follows the WERI Conference on R&D Ecosystems and International Competitiveness

at SGH on 22 October (10:00-14:30). Details: sgh.waw.pl/kgs/en/weri-conference
