Note: Admission to the non-degree Addiction Counseling Certificate program does not constitute admission to the Department’s M.A. in Clinical Mental Health, Family, Rehabilitation, or School Counseling programs. Students who wish to pursue a master’s degree in one of the above M.A. counseling programs must make formal application to Graduate Admissions and Records. Students-at-large can enroll only in courses for which they have been authorized by this Department.

The Department of Counselor Education expressly reserves the right to consider candidates for admission based on criteria in addition to the admission application. Specifically, the Department of Counselor Education may deny a student admission based on information that indicates the student lacks professional judgment or has exhibited behavior that calls into question the student’s suitability for the addiction counseling profession. Any student denied admission to the Department of Counselor Education may request review of the determination and will be afforded an opportunity to respond to the information upon which the decision is made.
