Tentative Spring 2021 List of Undergraduate Courses and Teaching Modalities

October 5, 2020

*Teaching Modality Definitions

OL: Online (Asynchronous) Learning: Asynchronous online courses are not scheduled at a specific time and day. They are project based with deadlines and will use D2L as the main platform. The faculty member teaching the course will hold office hours using a digital platform. Faculty may schedule bonus sessions that are interactive via the internet.

RL: Remote (Synchronous) Learning: Remote learning courses meet using a virtual classroom tool *at the time and date scheduled* in the course schedule. Remote learning courses may also use asynchronous learning methods. The faculty member teaching the course will hold office hours using a digital platform or maybe on campus in a classroom.

HY: Hybrid: Some of the graduate courses are going to be changed to hybrid. That means there will be some combination of in-person on campus and online teaching at the scheduled time.

8-Week Courses: There are 4 accounting courses that are 8 weeks long. Please be aware of this!
