MATHEMATICS

Friday, October 26th, 2018

Conference Opening and Welcome	10:00 - 10:15am	Alumni Hall
Keynote Address	10:15 - 11:00AM	Alumni Hall
Amie Wilkinson , Professor, Department of Mathematics, University of Chicago Title: "Dynamical Systems with homage to Maryam Mirzakhani"		Alumni Hall
Plenary Session	11:00 - 11:25PM	Alumni Hall
Sudha Srinivas , Associate Dean, College of Arts and Sciences, NEIU Title: "Emmy Noether: Conservation Laws and Physics"		
Coffee Break	11:30 - 11:40PM	Alumni Hall
Panel Discussion	11:45 - 12:30PM	Alumni Hall
"Understanding the Job Market: Careers in Mathematics with highlights from Women in the Field"		
Art Exhibit with Lunch	12:30-1:45PM	Alumni Hall
Art and Media Contest Exhibit and Judging Presentation of Awards		Alumni Hall
Cultural Program	2:00-4:00PM	Recital Hall
Introduction: Jeanine Ntahirageza, Professor, TESOL, NEIU Movie Screening: <i>Hidden Figures</i> (127 min)		
Professional Development Program	2:00-5:00PM	Golden Eagles Room
Robin Wright , National Science Foundation (NSF) Division Director, Undergraduate Education. Title: Hands-on Workshop for Writing Successful NSF Proposals Description: This highly interactive workshop will help you understand the granting process at NSF and take steps toward your first (or next) NSF proposal. Please come to the workshop with an idea for a proposal. A good place to start is: Why do I need funds? What goals will the funds enable me to accomplish? Why is accomplishing these goals important? - to my field? - to the nation? You will receive materials that will be helpful to review prior to the workshop.
